

**A WATER
SOLUBLE
MEDIUM**
for soil
applications

Humate Sure

HUMATE SURE is a water soluble medium necessary as a soil conditioner for sandy soils. **HUMATE SURE** enhances carbon levels and assists in the formation of soil aggregates.

BENEFITS

Registered under Act 36 of 1947 (B5485)

A Source of Potassium, known to improve drought resistance.

Soil Fertility – Greatly Increases Soil Fertility, especially mixed with Urea, DAP, MAP, MKP. With faster and more obvious effects. Humic Acid helps to create a crumble structure in soils to increase macro and micro elements binding capacity and increases water holding capacity.

Soil Structure – Increases the organic matter of soil and improves soil structure.

pH Regulator – Humic Acids direct function is to balance pH of soil and stabilize nitrogen storage. Promotes development of chlorophyll, sugars and amino acids in plants and aids in photosynthesis. Promotes seed germination, greatly increases harvest and fruit quality. Greatly increases a plants capability countering stress and disease.

PACKAGING

25 Kg
Product Code: HP001

APPLICATION RATES

ORCHARD & VINEYARDS

Dilute 5 – 10Kg / 500-1000 L of water and apply to 1 ha.

FERTIGATION

Dilute 3 – 5 Kg / 100 – 200L of water and apply through fertigation.

HOME GARDEN

Dilute 10g in a 9L watering can, apply diluted mixture at a rate of 1L per square metre.

PRILLS

Disperse 5 to 25 Kg per ha.

MOST EFFECTIVE WHEN APPLIED AT:

- Pre – plant
- Post Harvest
- After Fruit Set

TYPICAL ANALYSIS W/V

Potassium	59.1 g/kg
C	448 g/kg
SG	1
pH	9.88
Humic Acid	< 70 % (Volumetric Method)
Fulvic Acid	< 10 % (Volumetric Method)

INSTRUCTIONS

Application rates are a guideline only and can be adjusted according to farm practices and/or in conjunction with crop monitoring. Ensure suitable spray conditions (e.g. temperature, humidity, wind speed). Compatibility and/or performance cannot be guaranteed when combined with other products. Jar test for compatibility and spray test on small area.

STORAGE AND HANDLING

Store in a cool dry place out of direct sunlight.

DISCLAIMER. Any recommendations provided by Wolseley Liquids CC or its distributors are advice only. As no control can be exercised over storage, handling, mixing, application or use, weather, plant or soil conditions before, during or after application (all of which may affect the performance of our program) no responsibility for, or liability for any failure in performance, losses, damages or injuries (consequential or otherwise), arising from such storage, mixing, application, or use will be accepted under any circumstances what so ever. The buyer assumes all responsibility for the use of any Wolseley Liquids CC's products.
